Who are we?

European leader in paper leader, we work with the most famous brands.

Our productions of Pyrène[®] tissue paper and kraft tissue paper range from 16g to 30 gsm for papers on stock.

We offer white and colors (200 manufactured to date including 60 standard colors) produced with pure pulp fibers and dyed in the masse.

We sell our paper in standard or customized sizes according to our customers needs. All our papers can be flexo printed in our own factory.

OUR PRODUCTS

Our Pyrène® tissue papers is a natural product born of the noble material wood and is 100% bio-degradable and recyclable. All our products are permanently monitored by « LAB » process. Our white is suitable for food products (fat and dry food).

We are one of the first producers of innovative paper with a sustainable friendly approach, and continue our efforts to make it a "clean" industry. We take in account the current ecological concerns notably in terms of waste.
